

An Introduction of Myself

My name is Jack Chiang. I am eighteen years old. I was born on February 24, 1997, in Chia Yi. I am currently a freshman student at Southern Taiwan University of Science and Technology. My major is Hospitality Management, and my favorite subjects are English, Management, Theatre and Culture, Sanitation and safety in hospitality industry, and Economics. I think I am a shy person, but I'm willing to get new friends. I have lots of interests, such as listening music, singing, read novel, comic, play computer games. J-POP is my favorite music. I spend time reading light novel. Those are the best way to get rid of the pressure. In the future, I hope I can be a baker, and have my own bakery.
